If you are not the intended recipient, or the employee or agent responsible to deliver it to the intended recipient, you are notified that any review, dissemination, distribution or copying of this facsimile is prohibited. If you have received this facsimile in error, please immediately notify us by facsimile or telephone, and return the facsimile to us by mail at the above address.

APPENDIX

We propose asserting that the applied art fails to anticipate or render obvious the feature "punching said plurality of first dovetail convexities and said plurality of second dovetail convexities at middle portions of borders thereof equally at the same time so that the first and second convexities equally deform to fill gaps at the borders and tightly fit to each other". We also would like to review Publication '247 and the dependent claims.
